Career Objective

As a confident and ambitious engineering graduate with technical expertise, I'm eager to put my skills to use in a dynamic work environment. My background in Computer Science has equipped me with the technical know-how to make a valuable contribution to any organization. I'm currently seeking a challenging role that will allow me to broaden my knowledge and proficiency in the field of engineering.

Education

Bachelor of Computer Science	2020-2023
8.1 CGPA	
Data Patil Mahavidyalaya, Karjat	
HSC	2018
62.73%	
Mahesh Higher Secondary School, Rui	
SSC	2016
60%	
Pandit Javaharlal Neharu secondary school, Ravgaon	

Programming Skill

- Python and C
- Object-oriented programming
- My SQL
- Data Structure
- HTML, JS, CSS

Framworks & Tools

- Django, Bootstrap
- Git & Github

Projects

• Farmo.in

Farmo.in is an innovative online platform that provides farmers with an easy and efficient way to access the necessary tools and machinery required for agriculture. Additionally, the platform can assist in finding transportation vehicles, ensuring timely and cost-effective solutions. Whether through the website or mobile application, Farmo.in offers a convenient and reliable solution for farmers.

Problem Solving

Achievements

We are pleased to announce that we have been selected for the final round (state level) of the Aavishkar Competition, which is organized by SPPU- 2023.

Farmo.in is a website and mobile application that enables users to locate transportation vehicles, modern machinery for agriculture, and labor services in their nearby area from the comfort of their home. The platform employs the following technologies:

1. Python-Django utilizing the Model-View-Controller (MVC) architecture,
2. Bootstrap-5,
3. HTML, CSS, and JavaScript, and
4. SQLite database.

Hobbies and Interests

- Exploring new technologies.
- Swimming, hiking, and traveling.
- Engaging with individuals from diverse backgrounds.
